(1) The interest on the proposed bonds was estimated at a rate of 4.75% based on market conditions as of August 15, 2023, and therefore, the interest payable on the proposed bonds may be less than, or more than, the amounts set forth above based on market conditions at the time of sale of the proposed bonds.

Based on the information and assumptions provided in the table above, the estimated maximum annual increase in the amount of taxes that would be imposed on a residence homestead in the District with a taxable appraised value of \$100,000 to repay the proposed bonds, if approved, is \$0. This estimate assumes passage of the November 7, 2023 constitutional amendment increasing the residence homestead exemption amount to \$100,000, and assumes annual growth of District’s taxable assessed valuation in the amount of 5% through tax year 2026, and holds the District’s taxable assessed valuation constant thereafter and assumes that the proposed bonds will be issued in an amortization that will produce relatively consistent levels of debt service in each year. The District could issue bonds in installments over time as the tax base growth and projected growth allow.
